CORONER.

R. G. Kirk.

COMMISSIONER 3RD. DIST.

E. Clark.

The best nomination of the day was that of Seacat for coroner.

When the chairman asked "shall we have a committee on resolutions?" there was a painful silence.

Cy ROBERTS having demonstrated his ability to do the county harm, was of course nominated unanimously.

The ladies showed that their interest centered in Mrs. Milner and not in the ticket, by promptly retiring as soon as she was nominated.

A hopeless effort was made to harmonize the warring factions of the republican party by electing Beezley chairman and Jonas Miller secretary.

Of course Bingham was turned down for commissioner. The efforts of the present board to protect the tax-payer furnished ample reasons for that.

It looks as if the republicans had tarred themselves with the stick they intended for the populists. How about the "carpet bagger" gentlemen? who has got him?

The republicans last fall, said that they had no use for women in politics; this year they nominate a lady. Why this change of heart gentlemen? Be consistent. Explain.

"Ye Gods! What next? The convention endorsed the present state administration, although it has been condemned by nearly every respectable republican journal in the state.

The Hutchinson News says that "the old soldier law is one that is more honored in the breach than in the observance." The News must have had a representative in the late republican convention held in this city.

Two old soldiers were candidates for the office of Sheriff, both having families to support,—did they get the nomination? Well hardly. The republicans love the old soldier just so long as he doesn't want anything.

CONTRAST the two conventions. Of the fifty-two delegates elected to the populist convention, every man but one responded to his name at the call of delegates. In the republican convention there were thirteen absentees.

Who says the ladies don't know anything about politics? They started out to secure the nomination of Mrs. Milner and how did they do it? They gave the delegates a good dinner and the delegates voted for Mrs. Milner to a man.

When the republicans undertook to throw a bone to the old soldier last Saturday, in the shape of a nomination for a two months term, it did not go down. Some of the old soldiers may be poor, but they know when they are treated like dogs.

One of the delegates to last Saturday's convention, speaking of Mrs. Milner's efficiency, said that when she was in the post-office mistakes were of rare occurrence and that he was sorry he could not say as much of the present incumbent. A republican can't help going out of his way to kick a democrat, any more than he can a populist.

"A MAN who believes in the free and unlimited coinage of silver has no business in either the republican or democrat party, because both are opposed to the principle of free coinage."—Hon. M. W. Sutton.

Now my republican friend, being in favor of the free coinage of silver, you are invited to step up along side of the populists and we will not read you out of our party for advocating free silver.

The republicans of this county say by their action Saturday, that the silver question is not of sufficient magnitude to be worthy of consideration in their resolutions, or were they afraid to tackle it?

The republican party claims to be the friend of the people, as they do of the old soldier, but they have not a word to say for the people's money (silver) and they have no office for the old soldier.

Dr. SEACAT's masterly address in presenting the name of an old soldier to the delegates of the convention was applauded to the echo, and the majority of the delegates seemed to think that settled the account, for they promptly voted for the other fellow.

The republican party of this county is extremely proud of its resolutions on the silver question; so honest, manly and above board, no skulking but facing the issues of the day like men. That's the talk, stick up for what you believe. If you have no belief keep still.

The republicans, Saturday, "resolved" in favor of honest and efficient county officers. Well gentlemen that is what the populist party has furnished and as for the republican party, we will simply refer you to the record left by Mr. Hanson and others. Vote the populist ticket.

When Dr. Seacat presented the name of L. H. Polloc to the convention and spoke of him as a sober industrious citizen, living amongst us, and owning property here and one who would have the interest of the tax payers at heart, did he intend to reflect on the gentleman from Oklahoma? It looks as if he meant to say that the gentleman from another state did not come up to the mark.

The delegates to the late county republican convention, now realize that they made a great mistake when they allowed a few goldbug blowhards to stifle the voice of the convention on the silver question. They have gone out among the rank and file of the republican party in this county and have found that the party is not in favor of the species of cowardice that sealed the mouth of the convention. That action was heralded forth as a defeat for the silver men. Every goldbug in the state, who heard about it, was cackling about the triumph of "sound money." Now the men responsible for the action of the convention are beginning to whistle soft and low. They have heard from the men who must furnish the votes to elect the ticket, and are now running around like a lot of fretful pismires telling the people the resolutions adopted were really an endorsement of silver. In spite of the protestations do not meet the expectations and sentiments of the people, who wanted a clear-cut endorsement of bimetalism.—Hutchinson News (rep.)

We think the above must about express the sentiments of the republicans of this county.

REPUBLICAN CONVENTION.

The delegates of the republican party met in our city in convention last Saturday. Col. Beezley was elected temporary chairman and Jonas Miller secretary. After appointing the usual committees the chairman announced that the ladies of the city had provided dinner for the delegates and the delegates met to meet with general approval and the convention adjourned to meet at 2 p. m.

AFTERNOON SESSION.

The chairman called the meeting to order and called for the report of the committee on credentials which showed that thirteen delegates had failed to attend. Dr. Seacat's motion that where there were vacancies the delegates present should fill their delegation from alternates present, was carried. The committee on resolutions reported as follows:

"We the republicans of Edwards county in convention assembled renew and declare our allegiance to the republican party and congratulate the country upon the results of the last election which gave us a republican majority in congress and drove populism and secederism from high places into everlasting disgrace and obscurity.

We heartily endorse the wise, honorable and upright administration of Governor Morrill and all the state officers of Kansas.

In our county affairs we insist that our offices shall be filled by persons who are known to be honest, competent, efficient and above reproach and as republicans believing that republi-

can policy and principles are best for the county, state and nation.

We pledge ourselves to the earnest and energetic support of our county ticket as a prelude to the great republican avalanche now gathering to sweep the country in 1896.

F. B. Hoffman was nominated by acclamation for treasurer.

Nominations for county clerk for the short term, brought out Aderholdt and Polloc. Informal ballot gave Aderholdt 30 and Polloc 18. Formal ballot Aderholdt 23; Polloc 24. Informal ballot for county clerk, for long term, gave Aderholdt 24; Polloc 22. Formal ballot, Aderholdt 30; Polloc 18. Mr. Polloc declined to take the nomination for the short
